NUMBER 124

ARIZONA AND NEW MEXICO

It certainly should be passed. The two territories would have been admitted years ago if they had been considered republican in politics. They are at heart democratic and the republicans have been unwilling to do them justice on this account. The course of the republicans in this matter has not been creditable or honorable or patriotic.

come states there will be all told 48 stars on the national flag after July 4 and all the mainland territory will have been cut up into states. There will remain Alaska, Hawaii and the provinces of Guam, Samoa, Porto Rico and the Philippines. Possibly Hawaii and Alaska may yet become states, so may Porto Rico after a long tangle, but no one now anticipates the transformation of our provinces into states. The Philippines at heart desire and pander and our other provinces are not large enough to constitute states. Alaska will however become a state. It is full of mineral wealth and when it is well penetrated by railroads it will begin to seek statehood. It is safe to say it will become No. 49.—Age Herald.

Mr. John Reeves, who has been confined to his bed with typhoid fever for a number of weeks, is much improved and his friends hope soon to see him on his feet again.

STUFFIEBACK FALLS TO DEATH AT PRATTVILLE

Leffertsville, Ala., Feb. 17. — Just as W. D. McKelvey, a state physician from Paducah, Indiana, is about to depart for the Antietam (Md.) National Cemetery, he is called to a very different kind of duty. He is to be buried in the cemetery himself. He died of a heart ailment on Feb. 15. He was 64 years of age. He was a native of Indiana, and had lived in Alabama for 15 years. He was married to Mrs. L. M. McKelvey, and has with her three children. He was a member of the Paducah, Ind., Presbyterian Church, and was a member of the Antietam National Cemetery Association.

The All Important Present.

Folks there be who prate about the dear old days with pride, When they had wealth a-plenty; in their carriages used to ride. Their grand-daddy was so and so, the greatest of his day. And prattle on insanely in that idiotic way.

"Till for help you want to boiler as you grab a lamp post fast, While they pour into your listening ears the grandeur of their past.

Then again, there's still another brand of folks about as bad. They never say a word, it's true, about the thing they've had. They're rather optimistic and their heads are full of schemes. They make you stop and listen to the wildest sort of dreams. In the future they will tell you of the fortune that awaits. Hope in their one watchword 'Till they reach the pearly gates.

But the All Important Present is the time for you and me, For its hustle and its bustle all around as you can see. And it's not the guy who prates about the glories that are gone. And it's not the chap who banks too much on what's coming on. No; the fellow who succeeds is he who never tries to shirk. The present tasks, but with all his might, just buckles down to work. He takes things as he finds 'em—doesn't bank on Luck's vague smile.

Oh, The All Important Present is the only thing worth while!

ANNOUNCEMENT.

On Saturday morning at nine o'clock, we will open our new Savings Department, and cordially invite the public (especially the ladies, boys and girls) to be present and inspect our new and attractive banks.

The original signatures of the first ten depositors will be recorded on nice paper, and framed and hung on the walls of the bank showing the names of the first depositors in the first Savings Department in Dothan. It will be a matter of Dothan's history for the future, and you should either be in that list or have an account in the name of some member of the family. It takes \$1.00 to open an account with us, in this department, and a beautiful bank for savings may be used to encourage the growth of such an account. We will accept deposits up to amounts of \$5,000.00; but we have a special fondness for the small account, and the Savings Department is specially designed to take care of those who have \$5.00, \$10.00 or \$20.00 and want to acquire the habit of saving.

Saturday night the bank will be kept open till eight o'clock, that the laboring man, who works till six, may have banking facilities.

In our Savings Department we pay 4 per cent per annum, computed semi-annually.
